TOURNAMENT TRAVELER 4

The Tournament Traveler 4 was designed for coaches, parents and players who want a lightweight and affordable method of recording sporting events from an elevated view. The Tournament Traveler 4 is an excellent tool for coaching players, developing player recruitment videos and capturing games for parents unable to attend an event or tournament. The complete tournament traveler kit weights approximately 20 pounds – making it very versatile and mobile. It comes with a bag with a shoulder strap, and easily fits into the trunks of most vehicles – making transport easy. We provide 3 packages – giving more versatility to you. (svtadvantage.net)
